

CIAT-News - February 2006 Issue: 22

A Newsletter from <http://www.ciat.cgiar.org>

Recent Products and Developments at the International
Center for Tropical Agriculture

In this Issue:

1. Jobs
2. CIAT in the Media

1. Jobs

The TSBF Institute of CIAT Is Recruiting Two Post-doctoral
Fellows:

- For its office in Nairobi, to lead strategic research
activities on drought and low P tolerance, N cycling, and soil
organic matter dynamics.

- For Southern Africa, whose primary responsibility will be to
implement a recently funded project 'Combating Soil Fertility
Decline to implement smallholder agricultural intensification in
Sub-Saharan Africa'.

2. CIAT in the Media

- Diversification Agriculture Project Alliance (DAPA) in Latin
America

Small-scale coffee growers in the mountains of southern Colombia
are capable farmers. They dream of better ways of growing their
coffee and profiting from the increasing demand for specialty
products.

- Finotin, a Promising New Biopesticide

A plant protein that has broad biocidal properties against
insect pests as well as fungal and bacterial pathogens could be
the next best thing in crop disease and pest control.
